CUSTOMER AGREES TO THE FOLLOWING:

1. Provide meter reads when requested. Failure to comply will result in a Field Tracing Charge on the bi-monthly bill.
2. Bi-monthly service fees are based on size of meter rented and charged in addition to water consumption.
3. **Meters are property of the District and may be recalled for visual inspection / register read at any time.**
4. Upon receipt of this meter, customer will assume all responsibility for the meter as well as for returning meter to the District upon completion of the job. See attached for bi-monthly fixed meter charge.
5. Deposit will be returned within 45 days after meter is inspected and the overall condition of the meter is approved by the Water Department less any unpaid charges under Sec. 6.3.11 as applicable and less necessary repair or replacement of the meter assembly.
6. Customers who do not return the meter, for any reason including loss or theft, will be charged the full replacement cost of that meter and will be charged for the estimated water use.
7. Any damages to the meter will be repaired by the District and charged to the user.
8. Customer agrees to comply with District Code provisions for use of water, including prohibition of use of water outside the District's service area.
9. Deposit may not be transferred to another account. Each meter must have its own deposit on account.

Refund balances may be applied to past due accounts at the discretion of the District.
